

Tell me about Refer & Receive.

When you refer a new Central Exchange member, you'll earn a \$50 gift card.

Why are you launching this?

CX values our members, and we know you're our best referral source. You have many options for networking and we want to pass along our thanks in a way we can all appreciate: \$\$\$\$. Whether you use it for fun, pay it forward, or something else, it's one way we can say *thank you!*

What is my reward and how will I receive it?

You will receive a \$50 gift card after the new member has paid the \$150 initiation and her or his first payment of either monthly, quarterly or annual payments. Your card will be mailed within a couple of weeks of the new member sign up and payment.

How do you know I referred the new member?

The new member must enter your name on the CX application, and *only one name* can be entered. If two or more names are entered, the *first* name listed will receive the \$50 gift card.
