Join Kansas City STEMM companies honoring women.

Surprisingly, women make up only 24% of the workforce in STEMM fields. To change this staggering statistic, we need businesses to get involved shifting the future landscape.

The Central Exchange Women In STEMM (WiSTEMM) initiative is the Kansas City Region's premier effort to recognize, advance and promote women working in the fields of science, technology, engineering, math and medicine.

Each year CX celebrates the accomplishments of all women in KC who are setting trends and breaking barriers in their STEMM fields at the Annual STEMMY Awards Benefactor's Roundtable Discussion and the Awards Recognition Gala Luncheon.

Award categories include Enterprising Innovator, Corporate HERO, Groundbreaking Leadership, Rising Trendsetter, WiSTEMM Educator, Student Achiever, and WiSTEMM Champion.

Please help us raise awareness of the innovation, leadership, and success women bring to STEMM by becoming a sponsor of the 9th Annual STEMMY Awards, and position your company as a champion cultivating and accelerating STEMM leaders in our community.

Your organization will benefit not only as a sponsor but as a beacon and patron of women in STEMM careers.

We count on organizations such as yours to help us reach, cultivate, and celebrate these women. Thank you for your consideration and support!
